GN Healthcare has recently been launched as part of the "GN Systems" group of companies who have successfully been operating within the healthcare market for over 25 years.

To coincide with this launch we have opened a new state-of-the-art decontamination & repair centre in Bolton. These new facilities will enable us to continue to offer excellent service to our existing customers and to further expand our business.

GN Healthcare can provide a wide range of high quality products and services to meet the ever changing demands of today's healthcare industry.
